## IOSR Tournal of Dental and **IOSR Journals**

**International Organization** of Scientific Research

Volume: 22 Issue: 11 p-ISSN: 2279-0861 e-ISSN: 2279-0853

## **Contents:**

| A Comparative Study Of The Surgical Outcome Of Pterygium Surgery By Conjunctival Autografting With Sutures Vs. With Fibrin Glue At A Tertiary Care Centre  Apexification Of An Immature Permanent Radix Entomolaris Using Calcium Hydroxide And Iodoform Paste: A Case Report  Role Of 3 Tesla MRI In Evaluation Of Oral Malignancies In A Tertiary Care Hospital-An Observational Study  Isolation Techniques Used During Restorative And Endodontic Procedures—A Questionnaire Survey Among Dakshina Kannada Dental Practitioners  Gender Inequalities And Womens Health Effects  The Impact Of Oral Health Literacy On The Perception Of Parents And/Or Caregivers About The Treatment Of Carious Lesions In Primary Teeth: A Cross-Sectional Study  Assessment Of Bone Regeneration With Dentin Graft Obtained Using The Tooth Transformer Device And Bone Quality Quantification Expressed In Hounsfield Units  Effect of hearing loss on elderly population: A Literature Review  51-55  A Case Of Suppurative Cervical Spinal Infection With Delayed Dislocation And Cervical Spinal Cord Injury Caused By Salmonella Paratyphi B  Amitriptyline Intoxication - Unanticipated Complications  62-65                  |   |       |

| Conjunctival Autografting With Sutures Vs. With Fibrin Glue At A Tertiary Care Centre  Apexification Of An Immature Permanent Radix Entomolaris Using Calcium Hydroxide And Iodoform Paste: A Case Report  Role Of 3 Tesla MRI In Evaluation Of Oral Malignancies In A Tertiary Care Hospital-An Observational Study  Isolation Techniques Used During Restorative And Endodontic Procedures—A Questionnaire Survey Among Dakshina Kannada Dental Practitioners  Gender Inequalities And Womens Health Effects  29-32  The Impact Of Oral Health Literacy On The Perception Of Parents And/Or Caregivers About The Treatment Of Carious Lesions In Primary Teeth: A Cross-Sectional Study  Assessment Of Bone Regeneration With Dentin Graft Obtained Using The Tooth Transformer Device And Bone Quality Quantification Expressed In Hounsfield Units  Effect of hearing loss on elderly population: A Literature Review  51-55  A Case Of Suppurative Cervical Spinal Infection With Delayed Dislocation And Cervical Spinal Cord Injury Caused By Salmonella Paratyphi B  Amitriptyline Intoxication - Unanticipated Complications  62-63  A Study On Success Rate Of Different Management Options For Traumatic  66-76 |   | 01-04 |
| Hydroxide And Iodoform Paste: A Case Report  Role Of 3 Tesla MRI In Evaluation Of Oral Malignancies In A Tertiary Care Hospital-An Observational Study  Isolation Techniques Used During Restorative And Endodontic Procedures—A Questionnaire Survey Among Dakshina Kannada Dental Practitioners  Gender Inequalities And Womens Health Effects  29-32  The Impact Of Oral Health Literacy On The Perception Of Parents And/Or Caregivers About The Treatment Of Carious Lesions In Primary Teeth: A Cross-Sectional Study  Assessment Of Bone Regeneration With Dentin Graft Obtained Using The Tooth Transformer Device And Bone Quality Quantification Expressed In Hounsfield Units  Effect of hearing loss on elderly population: A Literature Review  51-55  A Case Of Suppurative Cervical Spinal Infection With Delayed Dislocation And Cervical Spinal Cord Injury Caused By Salmonella Paratyphi B  Amitriptyline Intoxication - Unanticipated Complications  62-65  A Study On Success Rate Of Different Management Options For Traumatic 66-70  | Conjunctival Autografting With Sutures Vs. With Fibrin Glue At A Tertiary | 05-12 |
| Hospital-An Observational Study  Isolation Techniques Used During Restorative And Endodontic Procedures—A Questionnaire Survey Among Dakshina Kannada Dental Practitioners  Gender Inequalities And Womens Health Effects  29-32  The Impact Of Oral Health Literacy On The Perception Of Parents And/Or Caregivers About The Treatment Of Carious Lesions In Primary Teeth: A Cross-Sectional Study  Assessment Of Bone Regeneration With Dentin Graft Obtained Using The Tooth Transformer Device And Bone Quality Quantification Expressed In Hounsfield Units  Effect of hearing loss on elderly population: A Literature Review  51-55  A Case Of Suppurative Cervical Spinal Infection With Delayed Dislocation And Cervical Spinal Cord Injury Caused By Salmonella Paratyphi B  Amitriptyline Intoxication - Unanticipated Complications  62-65  A Study On Success Rate Of Different Management Options For Traumatic 66-70   |   | 13-17 |
| Questionnaire Survey Among Dakshina Kannada Dental Practitioners  Gender Inequalities And Womens Health Effects  29-32  The Impact Of Oral Health Literacy On The Perception Of Parents And/Or Caregivers About The Treatment Of Carious Lesions In Primary Teeth: A Cross-Sectional Study  Assessment Of Bone Regeneration With Dentin Graft Obtained Using The Tooth Transformer Device And Bone Quality Quantification Expressed In Hounsfield Units  Effect of hearing loss on elderly population: A Literature Review  51-55  A Case Of Suppurative Cervical Spinal Infection With Delayed Dislocation And Cervical Spinal Cord Injury Caused By Salmonella Paratyphi B  Amitriptyline Intoxication - Unanticipated Complications  62-65  A Study On Success Rate Of Different Management Options For Traumatic   | · ·   | 18-23 |
| The Impact Of Oral Health Literacy On The Perception Of Parents And/Or Caregivers About The Treatment Of Carious Lesions In Primary Teeth: A Cross-Sectional Study  Assessment Of Bone Regeneration With Dentin Graft Obtained Using The Tooth Transformer Device And Bone Quality Quantification Expressed In Hounsfield Units  Effect of hearing loss on elderly population: A Literature Review  51-55  A Case Of Suppurative Cervical Spinal Infection With Delayed Dislocation And Cervical Spinal Cord Injury Caused By Salmonella Paratyphi B  Amitriptyline Intoxication - Unanticipated Complications  62-65  A Study On Success Rate Of Different Management Options For Traumatic   |   | 24-28 |
| Caregivers About The Treatment Of Carious Lesions In Primary Teeth: A Cross-Sectional Study  Assessment Of Bone Regeneration With Dentin Graft Obtained Using The Tooth Transformer Device And Bone Quality Quantification Expressed In Hounsfield Units  Effect of hearing loss on elderly population: A Literature Review  51-55  A Case Of Suppurative Cervical Spinal Infection With Delayed Dislocation And Cervical Spinal Cord Injury Caused By Salmonella Paratyphi B  Amitriptyline Intoxication - Unanticipated Complications  62-65  A Study On Success Rate Of Different Management Options For Traumatic  | Gender Inequalities And Womens Health Effects                             | 29-32 |
| Tooth Transformer Device And Bone Quality Quantification Expressed In Hounsfield Units  Effect of hearing loss on elderly population: A Literature Review  51-55  A Case Of Suppurative Cervical Spinal Infection With Delayed Dislocation And Cervical Spinal Cord Injury Caused By Salmonella Paratyphi B  Amitriptyline Intoxication - Unanticipated Complications  62-65  A Study On Success Rate Of Different Management Options For Traumatic  66-70   | Caregivers About The Treatment Of Carious Lesions In Primary Teeth: A     | 33-40 |
| A Case Of Suppurative Cervical Spinal Infection With Delayed Dislocation And Cervical Spinal Cord Injury Caused By Salmonella Paratyphi B  Amitriptyline Intoxication - Unanticipated Complications  62-65  A Study On Success Rate Of Different Management Options For Traumatic  66-70   | Tooth Transformer Device And Bone Quality Quantification Expressed In     | 41-50 |
| And Cervical Spinal Cord Injury Caused By Salmonella Paratyphi B  Amitriptyline Intoxication - Unanticipated Complications  62-65  A Study On Success Rate Of Different Management Options For Traumatic  66-70  | Effect of hearing loss on elderly population: A Literature Review         | 51-55 |
| A Study On Success Rate Of Different Management Options For Traumatic 66-70  |   | 56-61 |
|  | Amitriptyline Intoxication - Unanticipated Complications                  | 62-65 |
|  |   | 66-70 |
