of Scientific Research

# *IOSR Journal of Biotechnology and Biochemistry*

ISSN : 2455-264X

Volume : 11 Issue : 5 Series 2

Sep. – Oct. 2025

IOSR-JB

## Contents:

|                                                                                                                                                       |       |
|-------------------------------------------------------------------------------------------------------------------------------------------------------|-------|
| Immunomodulatory and Anti-Migratory Effects of Cordia myxa Lectin on MH7A Synoviocytes                                                                | 01-10 |
| Pharmacological Assessment of Anti-anaemic property of chloroform fraction of Cnidocolus aconitifolius leaves in phenylhydrazine-induced anaemic rats | 11-23 |
| 3D Printing in Reconstructive Surgery                                                                                                                 | 24-35 |
| Construction of a $\beta$ -Carotene-Producing Pichia pastoris Strain                                                                                  | 36-40 |
| Construction of Three Auxotrophic Pichia pastoris Strains                                                                                             | 41-44 |
| Dynamic Acoustic Gating for On-Demand Ion Selectivity in Nanoporous Graphene Desalination Membranes                                                   | 45-48 |
