**Contents:**

|                                                                                                                                                                                               |       |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|
| GLP-1 Receptor Agonists And Osseointegration: Bone Health Implications For Implant Dentistry In The Era Of Widespread Weight-Loss Therapy                                                     | 01-06 |
| Spindle Cell Neoplasm Of Parotid Gland: A Rare Diagnostic Enigma                                                                                                                              | 07-10 |
| The Long-Term Impact Of Covid -19 On Cardiac Autonomic Function In Young Adults Assessed By Heart Rate Variability                                                                            | 11-22 |
| Comparative Study Of Macular Thickness After Uneventful Phacoemulsification Surgery In Nondiabetic And Diabetic Patients Without Retinopathy                                                  | 23-27 |
| Endodontic Considerations In Medication-Related Osteonecrosis Of The Jaw (MRONJ): A Narrative Review                                                                                          | 28-40 |
| Comparison Of Dexamethasone And Magnesium Sulphate As Adjuvants To 0.5% Ropivacaine In Ultrasound Guided Supraclavicular Brachial Plexus Block- A Prospective, Randomized, Double Blind Study | 41-46 |
| CT Angiographic Evaluation Of Anatomical Variations Of Renal Arteries And Veins In Prospective Living Renal Donor                                                                             | 47-52 |
| Zygomatic Implants: A Review                                                                                                                                                                  | 53-62 |
| Clinico-Hematological Profile Of Pancytopenia: A Retrospective Study                                                                                                                          | 63-67 |
| Giant Epidermal Inclusion Cyst Of The Scalp – A Sheer Case Of Negligence                                                                                                                      | 68-72 |
| Multimodality Imaging (MRI And HRCT) Of Glomus Tympanicum Presenting As Isolated Pulsatile Tinnitus: A Case Report                                                                            | 73-75 |
| Secondary Refractory Postpartum Hemorrhage From Deep Infiltrating Endometriosis Of The Posterior Uterine Wall And Bowel: A Case Report                                                        | 76-79 |
| Triboelectric Dental Restorative Materials: Harnessing Mechanical Energy For Smart Oral Therapeutics                                                                                          | 80-84 |
| Artificial Intelligence In Restorative Dentistry And Endodontics: Current Trends And Future Directions                                                                                        | 85-92 |
| SMART-Section: A Radiographic Sectioning Method Algorithm For Surgical Removal Of Impacted Mandibular Third Molars                                                                            | 00-93 |
