

Contents :

Performance Parameter Optimization for CI Engine Fueled with PP-PO and Diesel	01-10
Emission Parameter Optimization for CI Engine Fueled with PP-PO and Diesel	11-20
Protection of Roads against Flash Floods (Case-Study)	21-30
A case study on Light gauge framed steel structure	31-36
Rotational Friction Welding in Dissimilar Steels AISI 1018 - AISI 2225: Effects on Hardness, Fatigue and Microstructure	37-49
Emission Parameter Optimization for CI Engine Fueled with HDPE-PO and Diesel	50-59
Performance Parameter Optimization for CI Engine Fueled with HDPE-PO and Diesel	60-68
